HERO OF TEL-EL-KEBIR

*Painted for the Nation*

A B.C.S. OLD BOY  
PRESENTED TO THE SCHOOL BY HIS WIFE, CHILDREN AND GRANDCHILDREN

## TEL - EL - KEBIR

"Over the desert at midnight, with a rapid, silent stride,  
Were marching the British soldiers and their gallant sailor-  
guide;  
God help them all if he failed to find his way in the gloom  
aright,  
For his comrades' lives and his country's fame were placed in  
his hands that night.

"Never a faltering moment unsteadied the rank he led;  
Forward they pressed on the silent way, and he at the  
column's head;  
On, while the gloom and the darkness screened from the  
watchful foes,  
Till the goal they sought was safely gained as the sudden  
morning rose.

"Quick the alarm was sounded, quick was the onslaught made;  
Sharp was the fight, but the foe fell back from the British fire  
and blade;  
Many a heart that late beat high was stilled in that hour  
for aye,  
And among the first of the British fell the man who had led  
the way.

"Sadly they bore him back to die, and the kindly General came,  
Bent o'er his friend with grateful thanks, pity, and promise  
of fame.  
Never a word said the dying man of his pain, or his hapless fate,  
But the eager words came: "General, didn't I guide you  
straight?"

" 'It was a star, you know, a star—' and he backward fell;  
His young life closed with the service done and the trust  
fulfilled so well;  
As long as the English voice shall speak of the Tel-el-Kebir  
fight  
Will be heard the brave Commander's name who guided them  
straight that night."

(B.C.S. 1870-76)  
HONORARY CHAIRMAN, BOARD OF DIRECTORS

## Foreword

I am glad to accept the suggestion that I should write the foreword to the Christmas Number of Bishop's College School Magazine, if for no other reason than that it affords me an opportunity to express my appreciation of the honour conferred on me by the Directors in electing me to the Chairmanship of the Board.

It also gives me an opportunity to express on behalf of the Directors our deep sense of loss in the death of Mr. Grant Hall.

Grant Hall had a great affection for the School and was untiring in his efforts on its behalf. His wise counsel and guidance will be sadly missed.

I fully appreciate my inability to fill adequately his place as Chairman and I could not have accepted the responsibility had I not been assured of the support of the Directors and of the Headmaster and Staff.

I now ask the support of the Old Boys and the boys of the School.

Wishing you all a Merry Christmas and a Happy New Year.

A handwritten signature in black ink, appearing to read "P. J. Sier", with a long, sweeping flourish extending to the right.

## Editorial

When we heard that the Chairman of our Directors, Mr. Grant Hall, had passed on, our first reaction, after a feeling of personal loss, was: His place cannot be filled. Expressions of grief and tributes paid to his memory have been striking and universal.

In this connection as Editor we have been the recipient of appealing expressions of admiration, poetical and otherwise from boys in the School. Although these may not all appear in the pages of this Magazine, due to the priority of others, it is nevertheless, our duty to place on record the existence of these tributes.

Personally, we will confine ourselves to one consideration: Since the renaissance of the Debating Society in 1922, Mr. Grant Hall has donated a medal for oratory. This has had a most beneficial effect on the quality of and interest in Debating. It has been our earnest wish that this Medal should be perpetuated so that his name should still be on our records. This need not prevent other medals from being donated. Two items of interest will make this clear: The Debating Society has doubled in number this year; outstanding success has been achieved by former members. Readers of our Honour Page are acquainted with some of these successes.

The Football results this year will appear to some Old Boys tragical. We had grown accustomed to unlimited success and never visualized a possible lean year. This lean year has come and is in no conception whatsoever due to lack of training or to the lack of the qualities which we are accustomed to associate with B.C.S. Football. A little consideration will clarify this: The School this year consists of almost 50% new boys, which limits the material to draw from.

One thing is certain: cleaner and more sportsmanlike games from beginning to end of each game and from the beginning to the end of the season have not been played since the School came up here in 1922.

Tell it not in Gath!—Secretly we were pleased with the results, from one angle: our reversals brought out inspiring sterling, qualities.

It is quite hard to preserve one's equilibrium in a season of triumphs, and, like Hervé Riel to appear:

*"Just the same man as before."*

It is one of the hardest things to go through a season of defeats and still hold your head up in face of crushing defeat and gangrenous reports.

That is what the Football Team has done!

Every game was a hard-fought fight; every game was clean, sporting football; defeats were taken like good sportsmen take them, with heads up to the end of the season—and after.

The McGill Matriculation results were very satisfactory and infinitely better than we expected: eleven boys, out of the fifteen who took the examination, passed, and the other four returned to School. One boy took Senior Matriculation and has been admitted to Second Year at McGill.

Almost a record number of new boys have entered the School this year. Our Halls are filled once more and, while work proceeds apace everything is running smoothly and pleasantly.

And so our little cloistered life goes on quite realizing that it is little and cloistered, but inspired by the idea that this very apartness and quietness is the only effectual setting that is conducive to healthy growth, and therefore, thoroughly effective through abstention from disturbing, outside social activities: a little world complete in itself, pervaded by all the principles that should govern the big world: chivalry, neighbourly love combined with healthy competition, a high sense of honour and, simplicity.

It can, therefore, tolerantly disregard the stigma of unsociability.

*"Let the deed shaw."*

Only in such retirement and seclusion can effective work be done, for future battling with the elements, and the seed sown have the quietude necessary for wholesome development.

When we heard that Mr. Grant Hall had passed on, we thought: His place cannot be filled. When we were told that Mr. Paul Sise had been appointed Chairman of our Directors we most heartily applauded and agreed with the universal comment: *"They could not have chosen a better man."*

SOFT AT EVE

*Clarions! clarions, clear at morning!*  
*Thrilled, young eager wanderers halt*  
*Clarions from the sunrise calling!*  
*Will they follow or default?*

*Clarions in the blaze of noonday*  
*Ring Adventure's dare and do,*  
*Where the path winds o'er the mountain,*  
*And the hills are ever blue.*

*Soft, at eve, the clarions calling*  
*From the Blessed sunset Isles:*  
*"Carry on!"—"Just one day's duty!"*  
*And the Wanderer hears and smiles.*

# DEBATING SOCIETY

## OFFICERS—1934-35

President—R. L. YOUNG

Vice-President—M. G. BELL, Grant Hall Medal, 1934

Chief Secretary—L. McDUGALL

Secretaries—S. I. LYMAN, B. DOHENY, G. BUCH, C. L. STUART

Chief M.C.—J. A. CROSS, President's Medal, 1934

Treasurer—E. R. BENNETT

The first meeting of the Society was held on September 15th. Thirty boys attended.

Subject:—Hat Night.

Business:—Election of Officers.

At the opening the members listened attentively to "Thirteen years of B.C.S. Debating, without a break." Thunderous applause greeted the names of Glass and Basset who represented their University this year and who were instrumental in bringing the Debating Trophy to Bishop's for the first time.

Stuart I drew: "*Motion Pictures are superior to the Legitimate Drama.*" Stressing the fact that "Movies" presented a much wider variety and scope of scenes, Stuart claimed that the poorer classes were vastly better served by them.

McDougall picked: "*Roosevelt has done more than any other man to end the Depression.*" Conceding that Roosevelt had set in motion the wheels of industry, McDougall attacked his policy on the grounds that he had borrowed far too much money to be able ever to pay it back. He maintained that England's methods were far saner and more conducive to prosperity.

Cross I: "*Intense study never brings an adequate return.*" The "Chief" pointed out that there were some subjects on which boys spent a lot of time and never afterwards required or used in their lives. He suggested some iconoclastic changes and argued that one's future life-work should determine the course of study. He also advocated a "greater interest in external affairs."

Bell: "*Women exert a greater influence in the world than men,*" fell to the Vice-President. He agreed with the statement and declared that though women's names seldom appear in history books, women have always been the power behind the throne; they have turned the heads of many great men, whereas the reverse is never true.

Colditz I had: "*English yacht-craft is the best in the world.*" He said that England had only one competitor, America, and since America had won all the important international races, American yacht-craft was the best.

Bennett, in proving that "*England is recovering her old prestige in the world of sport*" enumerated among her successes, this year, the capture of the British Golf Open, the Men's Singles at Wimbledon and Forest Hills.

Lyman: "*Cricket is the best summer game.*" He emphatically disagreed, branded it as time-wasting, and mentioned other games which, to his mind, were more suitable to this climate, and to the temperament and time at the disposal of Canadians.

Buch, in an excellent "*maiden*", considered "*Mussolini's methods are superior to Hitler's*", and affirmed that they were. He asserted that Hitler's aims are antagonistic to European peace and stability, while Mussolini's peace programme is an asset to Europe. He also scored Hitler's anti-semitic campaign.

McEntyre drew: "*Canada is leader in hockey.*" He proved this convincingly to the members, adding: "America is our greatest opponent and most of her players are Canadians."

Jeannotte, denying that "*Chivalry is more alive to-day than ever before*" stated that women were trying to act like men and that they should be treated accordingly, especially when they take a man's work. "Woman is not the gentle creature she was", he concluded naively.

Cross II. "*Complete disarmament is practical*" fell to his "*maiden*" lot. In his sound treatment of the question he proved himself an excellent neophyte debater. He stressed the feasibility of wide-spread international arbitration and claimed that adherence to its dictates was the only solution for enduring peace.

MacLean drew: "*All ships should be fire-proof.*" He expressed himself strongly in favour of the motion and virulently denounced any system of travel under which a "Morro Castle" tragedy could occur.

Ritchie: "*My favourite pastime.*" He gave the preference to stamp-collecting, chiefly because of its aid in learning geography. Then he considered it as a good investment, portraying the life of a stamp from its earliest days until in the course of years it rose to regal grandeur and was worth a king's ransom.

Clarke roused the House out of its lethargy by an impassioned speech on "*My favourite sport.*" Decrying all lady-like and all slow games he chose Hockey, and maintained that Hockey had no peer as a man's game; that it was the game for speed; that its popularity was unequalled, and finally that it was the greatest Canadian game; the game in which Canadians excelled all others.

Kemp drew: "*Roosevelt is the greatest man in history.*" An emphatic "No" was Kemp's answer. He admitted that, at first, his system had won universal plaudits. More recently, however, Kemp had discovered little cracks in it and he feared that it would eventually crumble.

Stoker I: "*If a dream could come true.*" Stoker would be a great writer and he would choose as his themes, ghosts and weird stories. In a most promising "*maiden*", Pat gave us a private view of some of his secret ambitions and enthusiasms.

May drew "*Newfoundland is better off under the Crown.*" May, who promises to be a very effective debater, gave us some very interesting information on the subject, and quite impressed the House.

Castonguay: "All sports should be amateur." Another most interesting "maiden". He expressed himself very logically, his main contention was that the amateur played for the love of the game, while the professional played for the love of money. He also asserted that some of the professional games were not straight-forward.

Doheny—who had not intended to speak—seething with indignation against Colditz and his apotheosis of American yachts, begged permission to speak.

*Standing orders were suspended.*

Doheny was violently attacking both Colditz and his data on American yachting, when *standing orders were resumed.*

Jones was also granted suspension of standing orders in order that he might express something that was bubbling up in him. This turned out to be a violent dislike which he had contracted for Stoker during the course of the debate. He seemed to be somewhere about the middle of a very enlightening exposé of Stoker when standing orders were hurriedly resumed.

At the meeting of the B.C.S.D.S. on Saturday, September 23rd, the Motion before the House was: "That this Society is of the opinion that radio is more effective than newspapers."

Speakers for the affirmative:—Colditz I, Bell, Jeannotte I, Clarke, Stoker, Doheny, Lyman, Stuart, New, Kemp.

Speakers for the negative:—Cross I, Goodson, May, McDougall, Kenny III, Bennett II, Kenny II, Buch, Jones, MacLean, Castonguay, Cross II.

The Motion was put to the House and carried: For Radio 13; For Newspapers 11.

A meeting of the B.C.S.D.S. was held on September 29th. The Motion was: "This House is of the opinion that the ousting of man by machine is to be deplored."

Speakers for the affirmative:—Kenny III, Jones, May, Kemp, Kenny II, Hertzberg, Stoker, Castonguay, McDougall.

Speakers for the negative:—Bennett II, MacLean, Bell, Buch, Lyman, Doheny, Goodson.

The Motion was put to the House and carried by a large majority—11 to 6.

A meeting of the Society was held in the Hooper Library on Saturday, October 13th.

The Motion before the House was: "*That this Society is of the opinion that the present time is the best period in the world's history to live in.*"

Speakers for the affirmative:—New, MacLean, Doheny, Cross I, Bennett I, Hertzberg, Colditz I, Bell, Jones, Goodson.

Speakers for the negative:—Kenny III, Kemp, Buch, May, Castonguay, Stuart, McDougall, Lyman, Bennett II.

The Motion was put to the House and carried:— 14 for the present period, 5 for other periods.

---

An informal meeting of the Society (due to the absence of the Football teams), was held on Saturday, October 20th. The subject was "*Hat Night*" and the speakers: Buch, MacLean, May, Bennett II, Goodson, Hertzberg, Stoker, Kenny II, Kenny III.

An informal meeting of the Society was held on October 27th. The subject before the House was: "*That this Society is of the opinion that winter sports are superior to summer sports.*"

For the affirmative:—May, Buch, Kenny II, MacLean and Bennett II.

For the negative:—Doheny, Goodson, Stoker, Kemp and Kenny III.

A meeting of the Society was held on November 10th. The subject before the House was:—"*That this Society is of the opinion that a monarchy is superior to any other form of government.*"

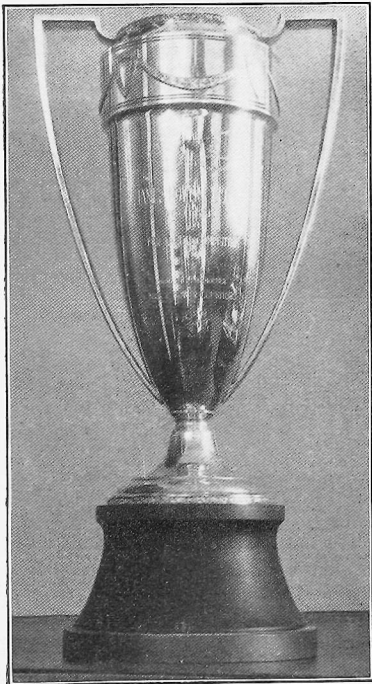

The speakers for the affirmative:—Doheny, May, Bennett II, Hertzberg, MacLean, Jones, New, Bennett I, and Bell.

For the negative:—Cross I, Buch, McDougall, McEntyre, Kemp, Castonguay and Goodson.

The motion was carried by a majority of 2 votes.

## THE VACANT PAGE

"A page to fill," the printers say,  
 "And please send copy right away."  
 O PEACE, I'll write an Ode to Thee,  
 And may the gods be kind to me!

## ODE

A bird-song through the window,  
 A ball kicked by some boys . . .  
 What means this sudden war-drum din,  
 This blasphemy of noise?

The Radio's crackling jolting sounds  
 Insult mine ears again!  
 As here I sit with mellowed dreams  
 In Academe's domain.

The lovely dawn polluting,  
 And morning, noon and night,  
 The same jig-jigging, jazzing noise  
 Repeated, cheap and trite!

How can you plan Adventure  
 On sun-kissed southern plain?  
 Or dream of Senoritas  
 In sunny old world Spain.

So they go on for ever!  
 They hold the world in thrall!  
 In the white heat of passion  
 Would I could smash them all!

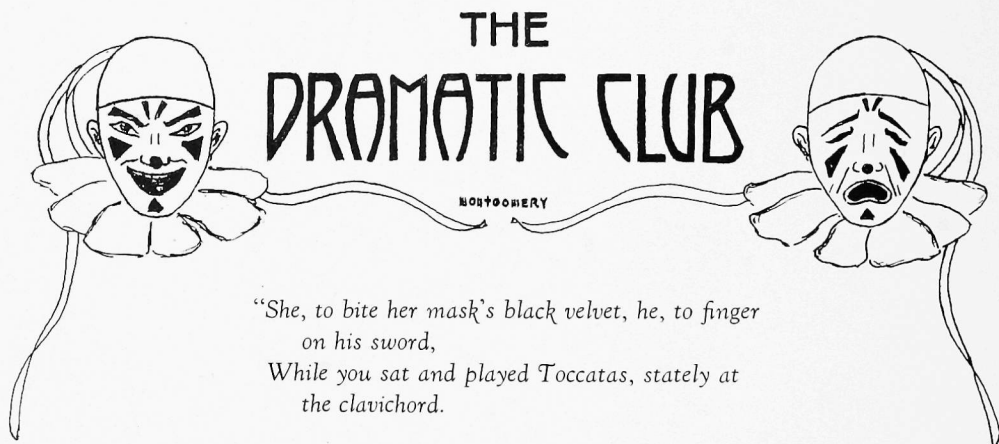

When my device is perfect  
 I'll just put out my hand:  
 To have the stillest stillness  
 I'll press a button wand.

Then we can spin our yarns here  
 Mid quiet Sabbath calm,  
 And fight and build and plan here  
 Beneath the spreading Palm.

God save you Christian Gentlemen;

### SCHOOL CONCERT HELD ON NOVEMBER 3rd.

Prior to the Hallowe'en celebrations on November 3rd, a concert, for the benefit of the Magazine, was held in the assembly hall. Although few rehearsals were held the concert was, as usual, a rousing success.

The opening skits, produced by MacLean and Company, were launched as successfully as they have been in past years. These skits were followed by Melville Castonguay and his "Jovial Joysters", whose superb rendition of this season's popular songs, accompanied by a tap dance by Melville himself, was received enthusiastically by the critical audience. This was followed by a Prison skit presented by Bell and Kenny I. Next came a one-act play called "Catherine Parr", which was presented by Jeannotte and Kenny I, two veterans of last year's Dramatic Society. Jeannotte, playing the part of Henry VIII; Kenny that of Catherine Parr. This was followed by a presentation by the "Bar-room Bellowers", who offered two songs for the amusement of the audience.

The final, and perhaps the most popular skit of the evening, was a take-off on the moving picture "The Scarlet Empress". John Kenny, in the role of Peter III, kept the house in a state of uproarious laughter, as he gallivanted around the stage, in a most realistic impersonation of Sam Jaffe's interpretation of the role of the mad Tsar.

The School heartily congratulates the performers.

### LOOKING BACK

A boarding school life was all very new  
When wee little Ronnie to B.C.S. flew,  
He was left on the steps on a cool summer night,  
To sit and to ponder upon his sad plight.

He wandered inside, on his woes to debate  
And no one could guess what he thought of his fate.  
He passed through the forms with most excellent pep,  
And now he's the fellow to make others step.

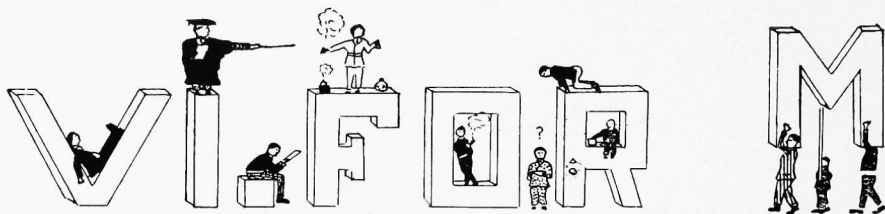

The Senior Matric. counts a total of four,  
But on top of all this, there seldom are more,  
Who grouch and who grumble at the prep. that they get,  
In order to squeeze in just one Novelette.

This year we have with us a raw fledgling new  
Who came from Dalhousie, with "some" honours too,  
To complete then our form we have Eric and Bill.  
If we pass our Matric won't we get quite a thrill!

## SOCIAL AND PERSONAL

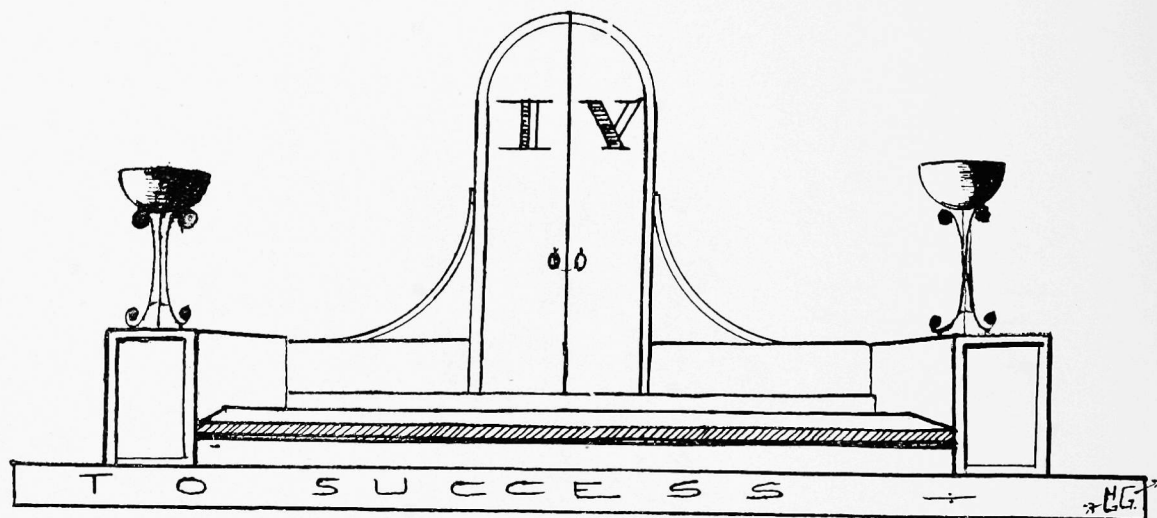

We regret the loss of one of our prominent members, Mr. Melville Bell, who was promoted to the sixth form after the mid-term examinations.

We are proud to have in our form this year's winner of the Cleghorn Cup, Lord.

The Fifth Form was well represented in both this year's First and Second Teams.

Among the four new boys in the Fifth, three are from Selwyn House, and one from Arthabaska College.

Among those present at the tea dance given by Miss Yvonne Gillespie, who was wearing a most attractive dress of orchid crepe with a hat to match, were Miss Georgina Cross with her two visiting nieces the Misses Olive and Jean Crichton, Miss Willamina Jones wearing a most becoming attire of red and black and a black satin hat. Miss Percival Leslie, of this city, was also present with her three out-of-town cousins, Mrs. Maguire Clark, Miss Catherine Stuart, and Mrs. Mellburn Castonguay. Miss Stuart had on a most originally designed pink frock trimmed with lace. Mrs. Ricardo Peck and Mrs. Pedro Barott were wearing most alluring foreign garments while Mrs. Woodland Lord was garbed in a dress of brilliant yellow and Miss Roberta Kingstone's appearance was greatly improved by a bouquet of lillies of the valley.

## MR. GRANT HALL

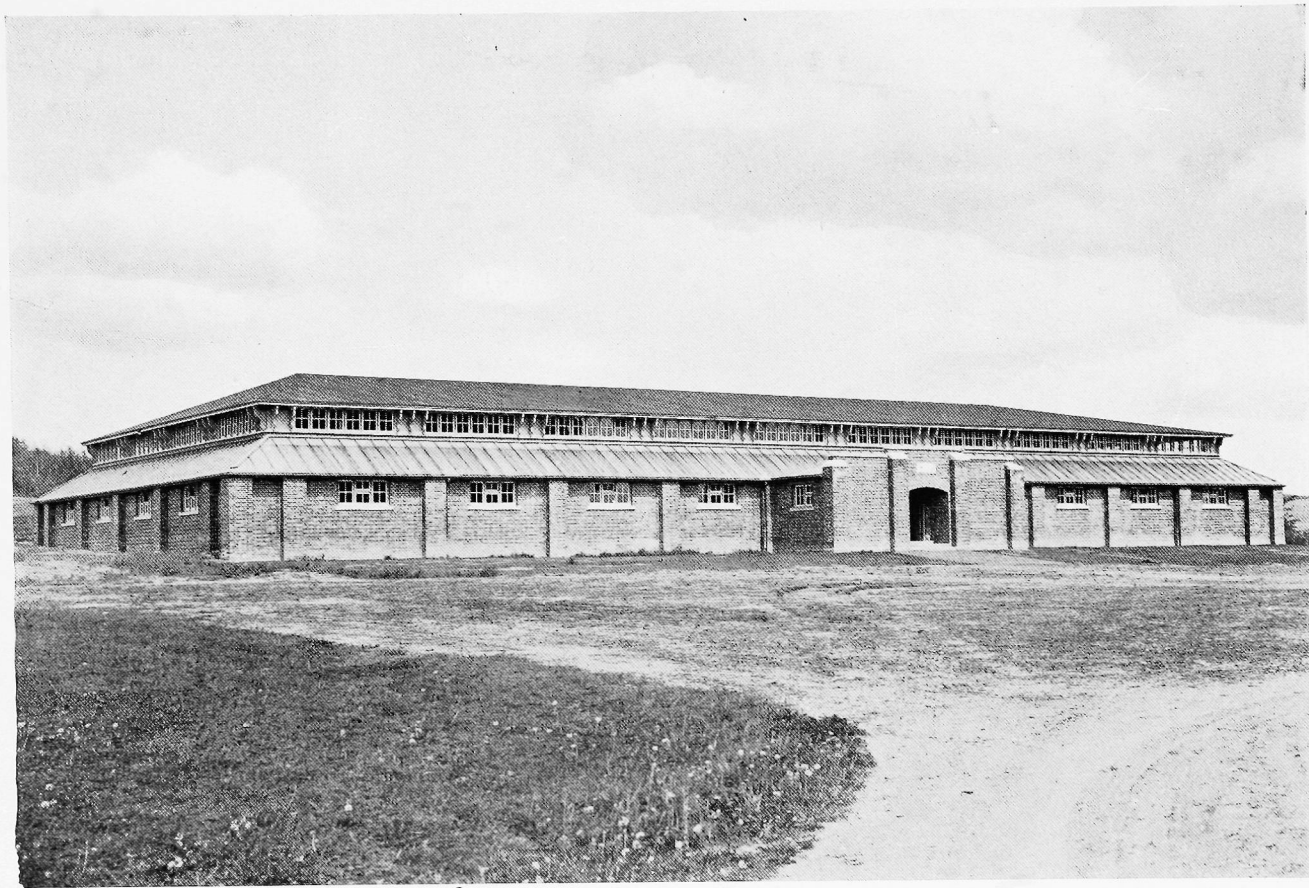

Just a short time ago our greatest Old Boy died. All during his life at the School and after he had left it, he was always interested in its good fame and welfare.

They appointed him to the Board of Directors of the School and from then on he took even a keener interest in it.

But now he's gone. It was God's will, and we too, like him, must at any time, at any place, be prepared to leave our earthly possessions and join our Father in Heaven.

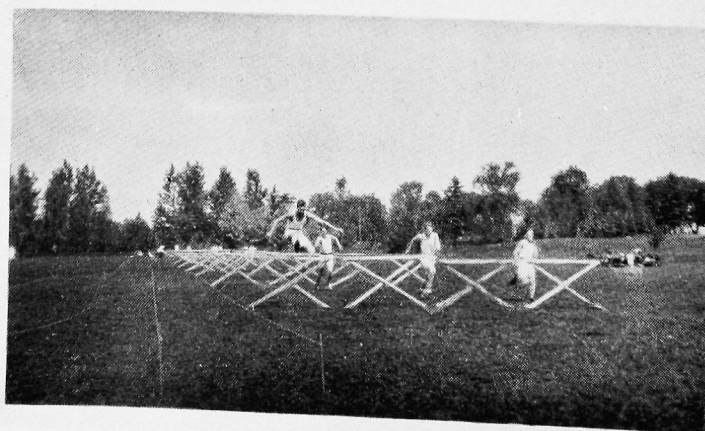

Above his grave  
May they erect  
A marble column tall;  
And thereupon inscribe  
The best known Requiem,  
A token from us all.

Rt. Rev. L. W. Williams Delivers Address to Students—  
Sports Prize Winners Receive Awards

---

(By Gazette Staff Correspondent).

Lennoxville, Que., June 15th—As a special feature of the chapel service, held at Bishop's College this morning, which was one of a series of functions in connection with the closing exercises of Bishop's College School, Rt. Rev. L. W. Williams, Bishop of Quebec, who also addressed the pupils and later presided at the distribution of prizes, received and consecrated a travelling communion set which was given by the School to the North Shore Mission of the Diocese of Quebec. Following the distribution of prizes, pupils and their parents were guests of the School at an informal luncheon after which the pupils departed with their parents for the summer holidays.

During the chapel service the Lord Bishop of Quebec addressed himself particularly to the pupils. He declared that nobility of character means greatness in life and stressed the fact that now was the time for the students to do their utmost to acquire those traits which would endear them to their fellow men and help to insure their success in life.

"You must have faith in and allegiance to God," he said. "Many of the great men of the world have had faith in God as their most outstanding attribute. You must have courage. It takes courage, you know, to be true and honest under trying circumstances. Above all you must be honest, honest in business or in your profession. You must never deviate from the honest course in the slightest detail.

"High ideals, you are thinking. Of course they are high ideals for there is no use in setting an objective for yourselves unless it is high. I pity the man who does not set high standards for himself and who does not make the most of his talents and his opportunities."

He declared that the students would carry many happy memories of their school life out into the world with them. In later years they would look back upon these memories as outstanding events in their lives. He urged the young men who were leaving not to forget the principles which the masters of the school had endeavoured to show during their scholastic training.

Rev. J. R. Allen, chaplain of the school, conducted the service and presented the communion set to the Bishop of Quebec, just before the end of the service, on behalf of the school. He commented upon the fact that funds for purchasing of the gift had been obtained largely through collections taken up during the school services at Thanksgiving in 1932 and 1933.

### PRIZE PRESENTATION

Just before the distribution of prizes, which took place in the school Assembly Hall, the Bishop of Quebec commented upon the beauty of the chapel service, declaring it to be as fine as any of the many that he had witnessed, both as a former pupil and latterly during his visits to the School. The service was both solemn and colorful. The choir, which was composed of students, was robed in scarlet and white which contrasted with the drab clothing of the civilians attending.

The Bishop of Quebec presided at the distribution of prizes being assisted by Crawford Grier, M.A., headmaster of the School, the presentations being made by Mr. Justice C. D. White.

However, despite the fine efforts of the Cross brothers and Lord, the University scored a touchdown and a rouge before the end of the game.

In the second quarter, taking advantage of the wind and a fumble, Kenny scored eight points; three on rouges, and on the fumble, a touchdown. Norrish scored one on the convert. "JACK"

"LORDY"

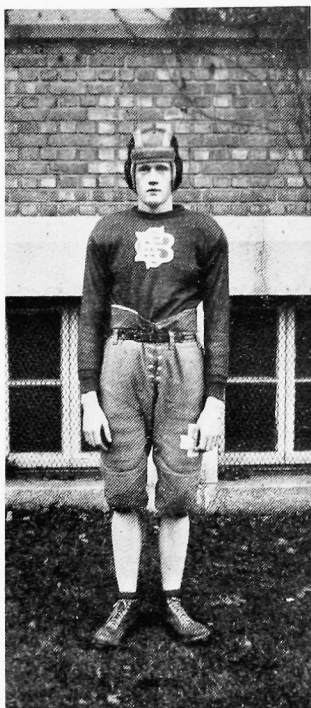

"R. B."

*Cross I*—combined the roles of team captain and outside wing with distinction. Thoroughness marked all his play, whether in downfield tackling, breaking up end runs or receiving forward passes. In the toughest going he led the team with encouragement and example. He filled the positions of captain and player with credit to himself and to the School.

*Lord*—at centre half, played a strong and consistent game throughout the season, winning the Cleghorn Cup for the best all-round performance. He got very fair length to his kicks and received almost without fault over a difficult schedule. In defensive work he was rarely out of position and tackled flawlessly. He played "heads-up" football every minute he was on the field, and this is the spirit which takes much of the sting out of defeat. A seasoned player for next year's team.

*Bennett I*—co-operated well with the other halves, and with any luck would have proved a tower of strength in every game. Unfortunately, injuries robbed the team of a brainy and effective player. His work on secondary defence was a stand-out, while he made up in sound judgment what he lacked in speed. His aerial attack was probably his strongest point.

"JOHN"

"PETE"

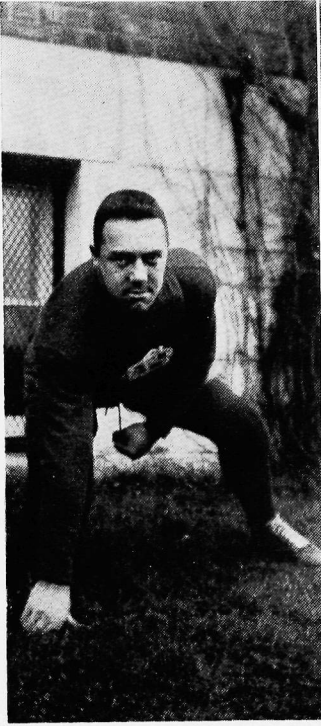

"J. O."

*Kenny I*—handled the flying wing job well, if not brilliantly. When shifted to outside man on the end runs, this play really began to move. An early tendency to be sucked in was corrected later, and, like several other players, he was going his best in the final fixtures. Like others too, his defensive game improved greatly with each contest.

*McEntyre*—had a difficult assignment at quarter but we cannot think of another player who would have done better in the position this year. His mid-field generalship was uniformly good, but if we may be permitted the criticism, we think that when near the enemy's goal line he sometimes sacrificed useful points by attempting the major score. For one play resurrected by him we have nothing but praise—the old time on-side kick. They do it no better in the Big Four.

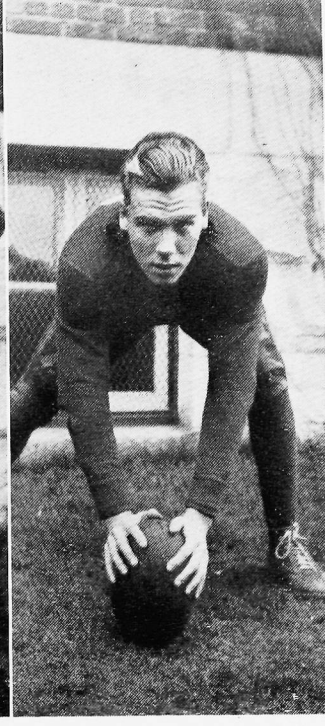

*Alexander*—shifted from line to backfield this year and the change benefitted both team and player. He did some good ball-carrying, tackled with methodical precision and developed unsuspected speed. Here is a good player in the making—B.C.S. could do with him another year, but loses him when his experience would be most valuable.

"ERIC"

"BILL"

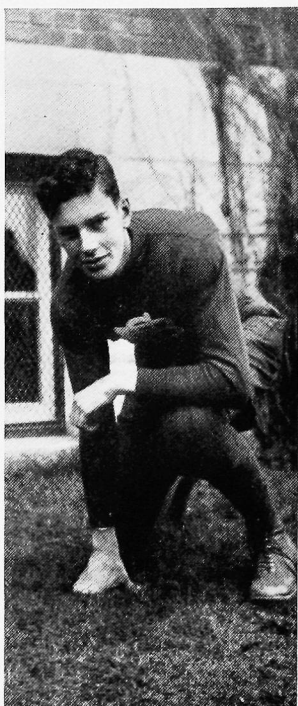

"MEL."

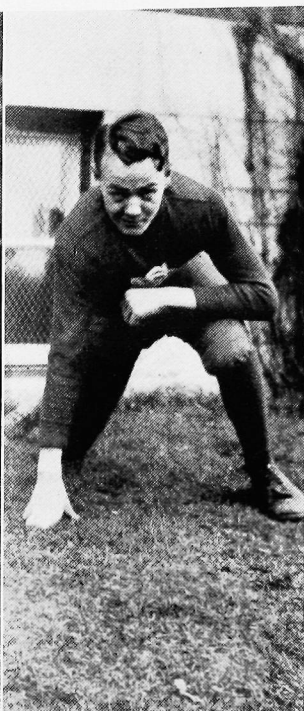

*Jeannotte*—in the other middle position probably showed greater improvement in his play than any other member of the team. He infused into his work a rugged, smashing quality which took heed of neither the score nor the remaining time to be played. His tackling was business-like, much of it was brilliant. A good man to play beside, a terror to play opposite.

*Norrish*—had a roving commission this season, alternating between inside wing and half-back. In both he acquitted himself well. He is faster than he looks and for this reason makes a large number of first-rate tackles. He worked well with snap and was a formidable man to break through. His best play is bucking—he hasn't any worst. O.K. defensively.

*Bell*—at snap proved to be a horse for work and was always on top of the play. If they got through centre, Mel. was not to blame. His tackling was strong and tireless, while he made breaking through look easy. Linemen seldom receive the praise they deserve, but this player is one of the inconspicuous band who gets a big hand from us.

"SYD"

"GEORGE"

"HIRAM"

*Lyman*—became a better outside with every game, overcoming an early tendency to allow an opposing half to get outside him. Good at receiving forward passes and usually a sure tackler. Lacked only speed to compare with the best outsides of former B.C.S. teams.

*Cross II*—made a splendid middle, his downfield tackling being of a high order and giving valuable support to the outsides. There was always room for the play to go through holes opened by him, but he was seldom taken out for a play to come through his position. Specialty, smearing plays behind the enemy's line.

*Colditz I*—held down the other inside berth and on sight was discouraging to opponents. Such discouragement usually increased during the contest. Better at breaking through than on defence, but no noticeable weakness in the latter department. By temperament not a ball-carrier, but a reliable, hard-working lineman. Holes through his position were conspicuous by their absence but he made those of a coach and four variety when required.

"BILLY"

"NEWSY"

"SMITTY"

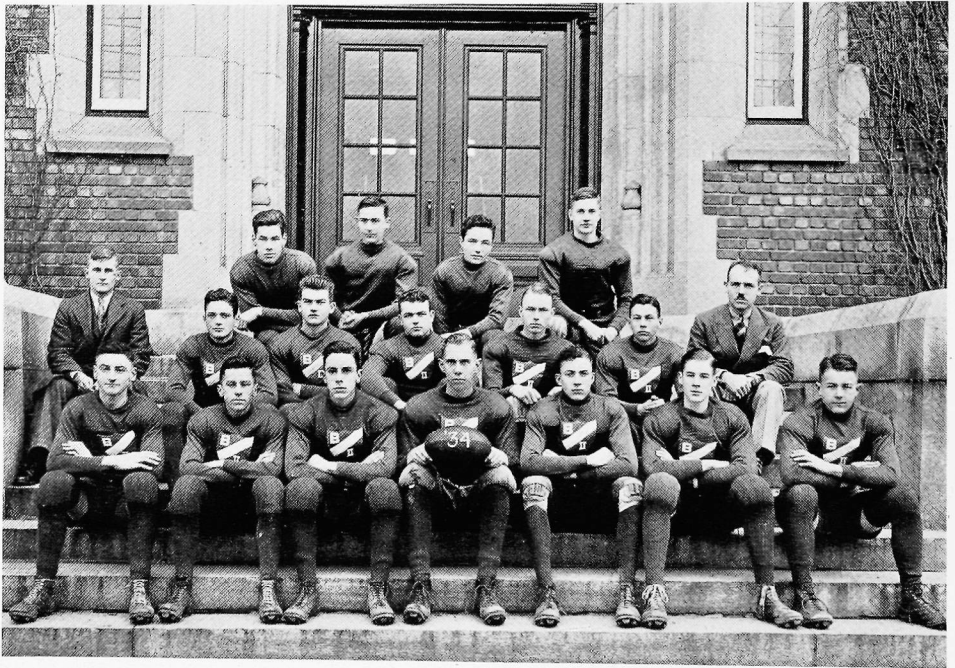

"CASS"

"POL"

*The Subs—were frequently called upon and acquitted themselves creditably. Good luck for next year—we hope they will all return and gain their colours on the 1935 team.*

SECOND CREASE ACTIVITIES

Despite a very disappointing record in games won, the "lean" years for our rugby reserves seem to have ended. This is borne out by the following evidence. First, the Third Crease returned, albeit for a few days only, this year. Secondly, the enthusiasm of Second Creasers was, in our opinion, top-hole, ace-high; or—if a more dignified but no more expressive adjective is required—superlative. From McDougall, injured captain of the Crease, and Egerton, both efficient coaches, umpires, referees, and head linesmen, as the occasion demanded, to the smallest boy on the crease, the spirit was all that could be desired.

Combined Second and Third creases (for as usual, First took its supply of our larger boys) turned out several different teams for games with outsiders, and performed creditably. Several players especially should make the grade with School Firsts in the future. We might mention the elusive and brilliant backfield work of "Snake" Webster as outstanding. He was our best scoring threat in outside games, and probably high scorer in the intra-mural contests. Stuart I, vice-captain of the crease; Stuart II, very light, but deadly, outside wing; Coghill, and others showed flashes of form that mark them as probable stars of the next few years.

Our schedule included a three-team-league-series, won by Clarke's team, with Stuart I's and Doheny's following in order. The "Millionaires", as Clarke's squad was dubbed, romped undefeated through the schedule, although held very well by Stuart's "Millers". Ex-second-team boys were used in this series, and the games were uniformly well played.

In outside contests, we fared none too well. Our opposition, out-weighting us on one occasion only, seemed generally to have the advantage in speed, or, to be more explicit, in zip and dash. That factor alone served to score several touchdowns against our steady, but rather slow, teams.

Our best game, perhaps, was played against a team of 17-and-under boys from S.H.S. We lost the contest by a close score—the closest possible—but excellent line play, plus brilliant backfield work by Clarke, Kemp, Webster, and unerringly accurate, hard-hitting tackling by "Froggie" Byers, made it the scrappiest junior game of the year.

The results of Second Crease games were:

B.C.S. 15-and-under . . . . .	5	Mitchell School . . . . .	23
B.C.S. 17-and-under . . . . .	17	Mutchler's Team . . . . .	18
B.C.S. 14-and-under . . . . .	0	Fletcher's Team . . . . .	18
B.C.S. Second Crease . . . . .	0	15-under, Sherbrooke . . . .	22

# Thanksgiving Day

By E. R. B., *Form VII*

Thanksgiving Day this year was especially successful because of the large number of parents, old boys and visitors who were present.

The annual activities began in the morning with a football game against the Old Boys. The Old Boys were represented by an exceptionally strong team and defeated the School 24-0. After the game a very enjoyable luncheon was served in the School dining-room to which all the visitors were invited.

In the afternoon the Lord Bishop of Quebec, an Old Boy of the School, presented the prizes. His speech was brief. He mentioned the great loss the School had suffered in the death of Mr. Grant Hall, the Chairman of the Board of Directors. He said that he always enjoyed his visits to the School and, especially, the Chapel services. In closing he said he was very glad that he had been given the opportunity of returning to the School for a few days.

Mr. Grier, the Headmaster, then gave a short summary of the School year 1933-34. He emphasized particularly the improvement in the choir and congratulated Mr. Page on his splendid work in this direction. Mr. Grier also paid tribute to Mr. Grant Hall. He spoke of the matriculation results obtained by last year's Sixth. In closing he said he was very pleased with the increased number of boys in both the Upper and Prep. Schools this year.

The Bishop then awarded the prizes to the following boys:—

#### PREP. SOCCER NOTES

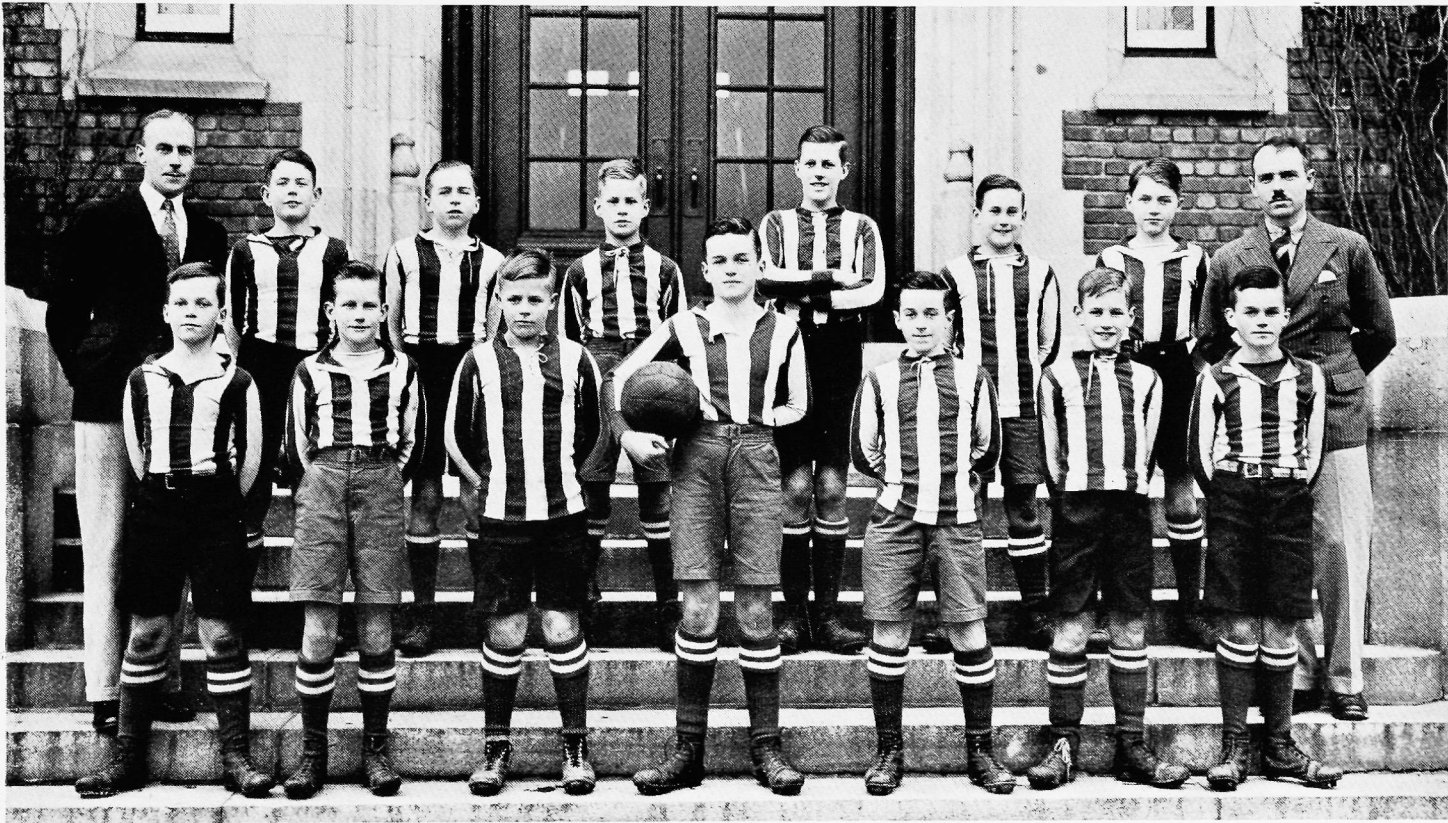

Under the capable coaching of Mr. Page, helped by Mr. Evans, soccer flourished this fall in the Prep. League games were played frequently, which resulted in keen competition for places on the team and developed several good players. The back division was really strong, and while the forwards were good individually, the lack of outside games prevented the perfecting of a fast passing attack.

Three games were played against outside schools, in two of which our smaller boys acquitted themselves well. Selwyn House beat us here by 4 goals to 1, but in the return game in Montreal, they had to be content with a 1 to 0 victory. Journeying to Ottawa the same week-end, the Prep. lost to Ashbury by a score of 3 to 0. In all three fixtures, the purple and white crew played good football, and with more experience might have won.

The following boys composed the team:

Goal.....Blair  
 Backs.....Sewell I, Stoker  
 Halves.....Spafford I, Day, Mercer  
 Forwards...Moreland, Whittall, Collier,  
                   Trenholme, Molson

## PREP. RUGBY NOTES

When the soccer season was definitely over and the continued fine weather made rugby possible, the Headmaster organized the Prep. rugby team. Several practices were held before we were ready to engage the New Boys team from the Upper School. Although the latter took all three contests by scores of 6 to 1, 9 to 1 and 8 to 7, the younger and lighter Prep. team threatened constantly, especially in the last game.

Our end runs were not effective ground gainers, but in bucking and kicking we played on a par with our opponents. The outsides were excellent and did much to keep the scores down in all the games. For ball carrying, special mention should be made of the following: Trenholme, Sewell I, Molson and Duffet.

The rugby team lined up as follows:—

Flying Wing . . .	Trenholme
Halves . . . . .	Molson, Moreland, Sewell I.

*In the silence of the school-room, among the desks  
deserted,  
Ink-stained and marred by marks of many hands,  
Through the windows in the moon-light by driving  
rain-clouds skirted,  
Come the visions of Old Boys from many lands.  
And quietly and mournfully they take their well-  
known places,  
And their books lie open by them on the form,  
And they see, as in a mist-wraith, the old forgotten  
faces  
With the scar-marks of the world's eternal storm.*

## FAST THROG PAYS HONOR TO VETERAN RAILROADER

CANADIANS IN MANY SPHERES OF LIFE MINGLE IN TRIBUTE  
TO LATE GRANT HALL

GRANT HALL, veteran Canadian railroader, vice-president of the Canadian Pacific, was buried this afternoon, in Mount Royal Cemetery, after a service in St. George's Church in the presence of as great a representation of capital and labor as Canada's metropolis has seen for many a long day. Big business was there, for the deceased stood in the forefront of railway operating on the American continent; a pioneer who helped the West to grow as the lines of the Canadian Pacific spread over the prairies. But the workers were there, too, in numerous union and association delegations, to pay homage to the man who won his way from the ranks and stood for square dealing throughout his half-century career.

### MINISTER PRESENT

The Dominion Government was represented by Hon. R. J. Manion, Minister of Railways and Canals, and the company's chairman and president, E. W. Beatty, K.C., absent on a Western tour of inspection, by the senior director of the C.P.R., Sir Herbert Holt.

W. M. Neal, general manager, and L. J. Raycroft, K.C., general solicitor, Western Lines, officially representing Western Lines, C.P.R.

Rt. Rev. John C. Farthing, D.D., Bishop of Montreal, joined Rt. Rev. Lennox W. Williams, D.D., Bishop of Quebec, and former school-mate of the deceased, Rev. F. B. Staes, assistant pastor of the church and Rev. Canon Abbott-Smith in conducting the funeral service. The coffin was flanked with hundreds of floral tributes from all parts of Canada and the United States. A detachment of 50 C.P.R. constables under Inspector George Logan formed a guard of honor.

Other clergy present were Ven. Archdeacon F. G. Scott of Quebec, and Rev. Elton Scott.

All through the morning, the deceased lay in state, guarded by four stalwart C.P.R. constables, while small knots of people, from all walks of life, filtered in and out of the sacred edifice, to take a last look at a departed friend.

Mourners came from all parts of the system to pay their tribute at the final rites and the representation from Montreal's business and financial circles embraced almost every known form of commercial endeavor.

Mr. Hall died on Wednesday, after a brief illness, following a stroke suffered on August 11th, and for the past 48 hours tributes to his memory, by mail, by wire, by personal representation and in the form of flowers have been pouring into Montreal.

The throng surrounding the church and Windsor Street station during the service, spoke eloquently of the esteem in which the deceased was held. The church itself was filled to capacity.

#### CHIEF MOURNERS

Chief Mourners were the widow, Mrs. Grant Hall; a daughter, Mrs. Stockwell Day; two sisters, Miss Marion Hall and Miss Harriett Hall; a sister-in-law, Mrs. John F. Hall; a niece, Mrs. Constance Scott; a nephew, W. S. Hall, general superintendent Saskatchewan district.

#### PALL BEARERS

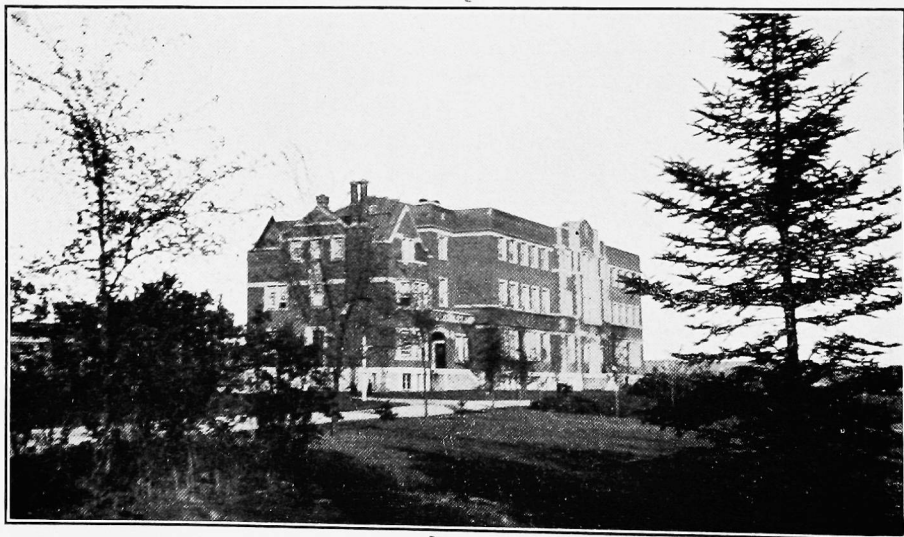

Pall-bearers were: Sir Herbert Holt, Sir Charles Gordon, G.B.E., W. A. Black, Brig-Gen. F. S. Meighen, J. W. Hobbs, Col. Henry Cockshutt, F. E. Meredith, and Lord Shaughnessy.

## AN OLD BOY OF THE SCHOOL THE GUEST OF HONOUR

AT THE

## FOURTEENTH ANNUAL ARMISTICE DINNER

OF

## OFFICERS WHO SERVED OVERSEAS 1914-1918

Major-General A. G. L. McNaughton, C.M.G., D.S.O., Chief of the General Staff, Department of National Defence, Ottawa, was the guest of honour at the Annual Armistice Dinner held at the Quebec Garrison Club on Saturday, 10th November, 1934, and at which celebration eighty-two officers were present.

Brigadier-General T. L. Tremblay, C.M.G., D.S.O., Fifth Canadian Infantry Brigade, was in the chair. Major R. Garneau, 22nd Battalion, acted as Mess President, Major H. L. Lamb, D.S.O., London Scottish, as Vice-President, and Captain Carl Falkenberg, D.F.C., Royal Air Force, as Master of Ceremonies.

The Band of the Royal 22nd Regiment was in attendance and during dinner played all the well-known wartime music. There were also numerous songs and skits, all very cleverly done. But, as usual, the most effective was the combined "Roll Call and Silent Toast." The "Roll Call" showed a wide range of units of the British and Canadian Forces. There were also representatives of the French Army and the Imperial Russian Navy.

General McNaughton, who attended B.C.S. 1900-05, commanded the Canadian Corps Heavy Artillery during the Great War and established a very great reputation as a heavy gunner, being known far and wide for the splendid work done by the units in his command, and for the new systems of firing which he put into force.

Other Old Boys present were W. Stuart Atkinson, 14th Battalion, H. B. D. Campbell, Royal Engineers, Carl Falkenberg, 14th Battalion and Royal Air Force, Herbert McGreevy, 24th Battalion, John H. Price, Royal Field Artillery and Ronald Pennington, 5th C.M.R. and Royal Air Force.

## BALLAD OF REMEMBERED DAYS

Sixteen years since the last gun blazed !  
 Sixteen years since the last shell sped !  
 Sixteen years since we stood amazed—  
 Living men in a world of dead—  
 Scarce believing the thing they said—  
 Scarce believing the tale was true !  
 Let's forget how the years have fled— . . .  
 Let's remember the days we knew !

Drink to moments of hard-drawn breath—  
 Death a grin at each shoulder-blade !  
 Drink to men who went gay to death !  
 Drink to men who were unafraid !  
 Fill and drink to the Great Game played !  
 Drain a bumper to spirits true,  
 Strong and stainless as tempered blade ! . . .  
 Let's remember the days we knew !

Let's remember the songs we sang !  
 Let's remember the tales we told !  
 Let's remember how laughter rang  
 Through the darkness and rain and cold !  
 Though 'tis whispered we're growing old  
 Let's laugh loud at what time may do !  
 Let's believe we're still young and bold . . .  
 Let's remember the days we knew !

L'Envoi:

This one night is our night alone ;  
 Bought and paid for, in coinage true ;  
 So, foregathering with our own,  
 Let's remember the days we knew !

CAPT. JACK TURNER, M.C.,  
 2nd Can. M. G. Bn.

### Mitchell Bradley

St. Mark's Chapel, Bishop's University, Lennoxville, was the scene of a fashionable mid-summer wedding of widespread interest when at high noon on Saturday, Margaret Alice, second daughter of His Worship Mayor F. H. Bradley and Mrs. Bradley, of Sherbrooke, and Mr. William Mitchell, son of the Hon. Walter G. Mitchell, of Montreal, were given in marriage, the Rev. Prof. H. C. Burt, of Bishop's University, officiating.

Mr. Jack Fuller acted as best man and the ushers were Messrs. William Bradley and Terry Mitchell

1926

Mitchell, commonly known as "Bill" joined our noble band in '23. He was, as was very shortly seen, the realization of one of our fondest hopes; an all-round athlete. Since that time he has more than fulfilled our expectations. He is head prefect this year, treasurer for the Dramatic Society and sports editor of the Magazine. In athletics he has made a name for himself which will probably stand for some time to come. In his first year he made first team football, the following year became secretary, and this year was unanimously elected captain. In cricket he has also distinguished himself having been on the team for three years, secretary last year and captain this year. He was sub. for first team basketball last year and secretary this year. In hockey, this year, he very capably filled the goaling position and was also secretary. For two years he has won his weight in the boxing competition. He was also winner of the half-mile last year and for two years in succession has won the senior gymnastic competition. He intends to enter the R.M.C. next fall.

G.E.A.

## NOTES ON B.C.S. OLD BOYS AT MCGILL UNIVERSITY

*Baillie, John*, is making quite a name for himself on the Junior Hockey Team and between time is contemplating a degree in Commerce.

*Barry, Art*, is going to collect a degree in Engineering in the Spring, having almost completed his fourth year here with his usual eclat.

*Bishop, Jack*, is in last year Commerce. After a very successful season with the Intermediate footballers he is becoming a power behind the scenes.

*Carter, Bill*, is doing favourably in Fourth Year Engineering. Bill was the outstanding star for the dub inter-faculty football team.

*Collins, Ian*, is in First Year Science, working hard from all reports.

*Copeland, Bill*, also a freshman in Science, turned in a good season with the Freshman football team.

*Cressy, Carleton*, in First Year Commerce, was a performer likewise on the Freshman team.

*Doheny, Dan*, in First Year Arts, played on the Junior football and hockey teams, giving good shows on each, with promise of better to come.

*Doheny, Hugh*, in Second Year Arts, duplicated his younger brother's performances on the Intermediate football and hockey squads.

*Drury, Bud*, is struggling hard to get a degree in Law with two more years to go.

*Duncan, Bob*, in pursuit of a classical education has entered First Year Arts.

*Hall, George*, completely recovered, has returned to First Year Law after an absence of three years.

*Hess, Geoff*, starting out in First Year Arts, refuses to make any statement beyond saying that he is working very hard.

*Hubbard, Fortescue*, also hopes to become an Engineer in one year or more. He co-starred with Bill Carter.

*Johnston, Wilf*, after some indecision has finally settled on Dentistry as his chosen profession and has gone into First Year.

*Kenny, Bob*, is working hard in First Year Engineering, following his revered brother's footsteps. In athletics he was a leading light on the Freshman football team and is now boxing.

*Langston, Henry*, has returned from Australia after a prolonged visit and has entered First Year Architecture, where the artistic talents will have their proper scope.

*Markey, Don*, graduated last year with a B.A., and is now in First Year Law. He is also a member of the Scarlet Key Society.

*McEntyre, Gear*, is contemplating life from the confines of the law library. He also plays on the Squash team.

*McKinnon, Hugh*, is in First Year Commerce and is doing very nicely on the Junior Hockey team.

*McLernon, Bob*, is hoping to get one of those so-called degrees in Commerce in the Spring. He is the outstanding Old Boy at the University athletically, having starred on the Senior football team and bidding fair to do the same on the Senior Hockey team.

*Meakins, John*, after a course of study abroad, has now returned to the fold and hopes to be a doctor shortly.

*Moncel, Bob*, intending to enter the financial field eventually, has gone into First Year Commerce.

*Montgomery, George*, as usual, is taking all the honours in Second Year Law. Not satisfied with this, he debates and is producing a current hit in the theatrical world.

*Montgomery, Tom*, is in Third Year Arts with no very definite ideas as to the future. Although retiring by nature, he does a star turn with Cousin George in the play.

*Payan, Charlie*, is working so they say, very hard at Second Year Engineering and pressure of studies is keeping him from indulging in other activities.

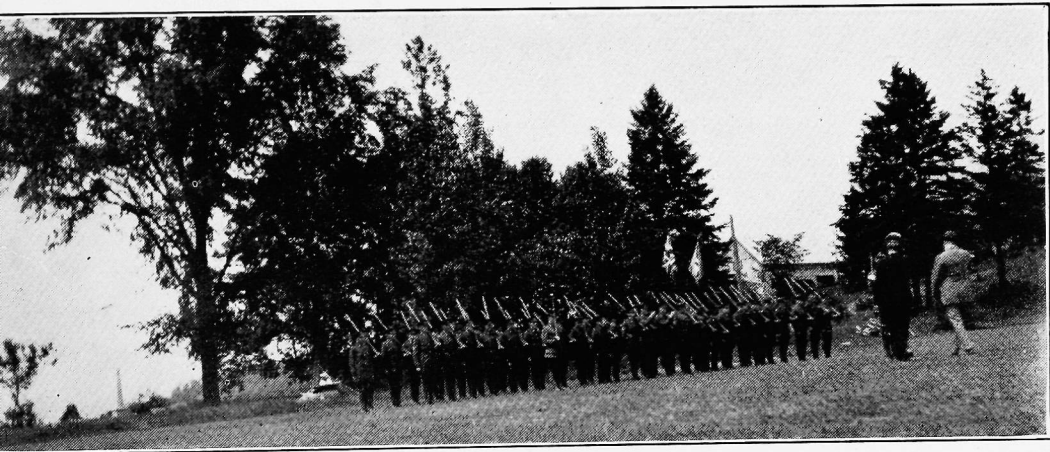

*Stovel, The Brothers (3)*, have each tried a different line of study, Commerce, B.Sc., and Engineering. Hod took a prominent part in Intermediate football this fall.

*Wilson, Wally*, is now in First Year Science in anticipation of an Engineering degree. Along with most of last year's Old Boys, he did very well on the Freshman football team.

---

W. M. Murray, 1919-27, graduate of the Faculty of Engineering at McGill University, has been awarded a scholarship at the Massachusetts Institute of Technology, entitling him to a further year's postgraduate study at that institution.

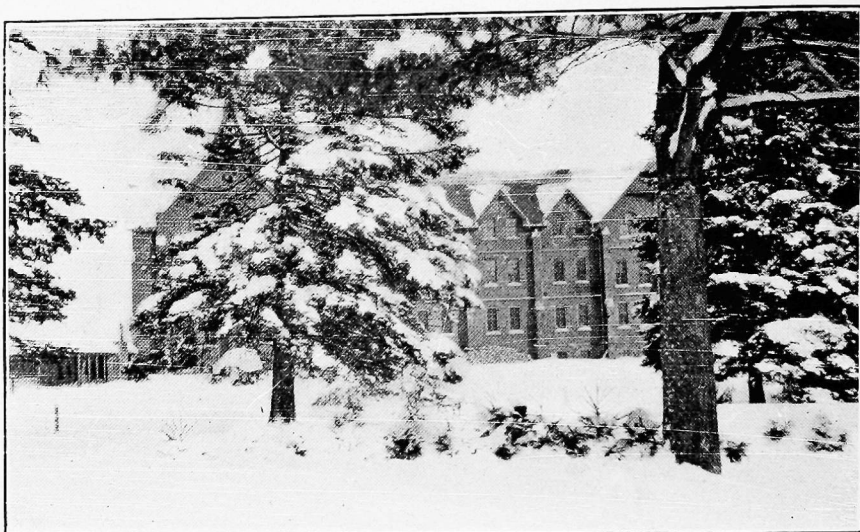

Murray was an excellent Business Manager of the Magazine in 1927.

#### R. M. C. NOTES

*Harry Boswell* placed 2nd in the mile and half-mile at the College Sports, and was 2nd in the Intermediate Intercollegiate half-mile at McGill this autumn.

### BISHOP'S UNIVERSITY NOTES

*Ogden Glass.* Oggie was this year's Captain of football and President of the Students' Council. Together with this he is taking an English Honour Course, and so is kept very busy, and has not the time to take his usual active part in debating and dramatics. Oggie has applied for a Rhodes Scholarship and we wish him the best of luck.

*John Basset.* John played on the football team and was a member of the Bishop's team which debated against Oxford and Cambridge.

*Jack Richardson.* Dickie played football for the Junior team and is President of the Mitre. He is taking an honour course and is kept very busy.

*John Parker.* "Park I" is a prominent member of the O.T.C. and played on the Inter-Year football team.

*Edward Parker.* "Park II" is also prominent in O.T.C. and played Inter-Year football.

*Edward Boothroyd.* "Boots" is Adjutant of the O.T.C. He debated against Oxford and Cambridge, and is taking his M.A. and Teachers' Diploma.

*D'Arcy Lynch.* D'Arcy is a member of the O.T.C. and played Inter-Year football. His platinum hair is very noticeable around the College.

## UNIVERSITY OF NEW BRUNSWICK NOTES

DONALD ROSS, Forestry '35. "Don" is still seen running around the College campus in his bush clothes and lumberman's boots, chasing forest pests. He has been doing so for the last three years, we are sorry to say this will be his last. "Don" and his room-mate "Jim" are old terrors, you can never mistake them. Everybody in the residence knows when they're about. Often very early or very late in the morning, as they roll in or out of bed, you hear strains of "Turkey in the Straw", or some other old favourite issuing from their room, as both are masters of a very old instrument, the mouth organ.

"Don" will be missed by all students (including co-eds), who will be sorry to see him leave. So long Don, good luck.

W. H. WALLIS, Civil Engineering '36. "Bert" is a proud man now, as all Fredericton has seen, heard or smelled (mostly heard) his new toy. If you ever happen to come down this way you'll surely see Bert out on the new road giving the motorists a scare or probably a thrill on his new Indian.

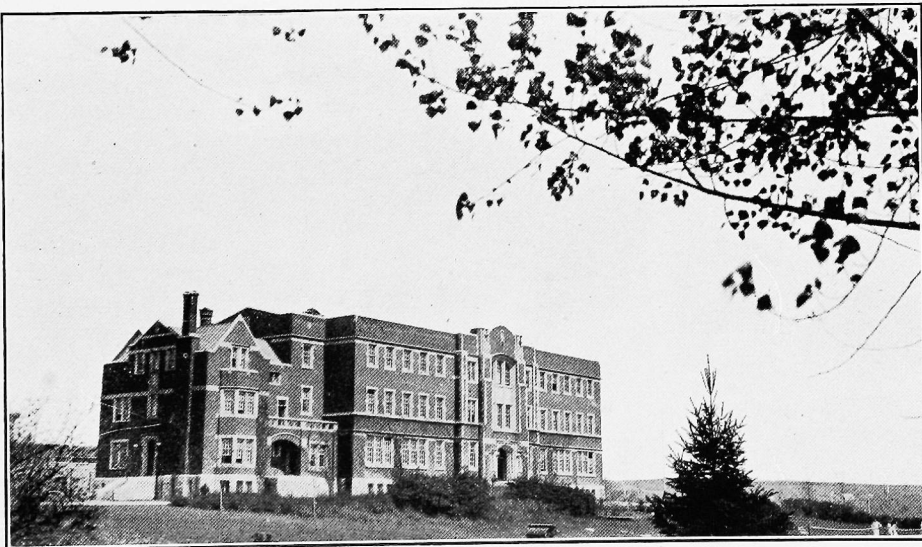

Bert worked hard this year and made the shooting team. He will also be useful to the Track and Hockey teams if he continues his good work, as we all hope he will.

ALLEN BOSWELL is just another good man gone East or perhaps we should say Maritime. It's hard to tell just yet although there's a certain little blonde co-ed—but that's none of our business.

Anyway "Al" is in his first year Science at N.B., and although he played full back on the second football team, we're glad to note that he's not forgetting the books too . . .

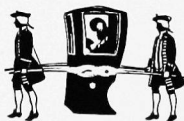

There is still one more old boy down here. He doesn't actually go to the College but is seen walking or driving about the College property. He's commonly known to all his old school friends as "Fritz", but is unknown by that name here (lucky for him).

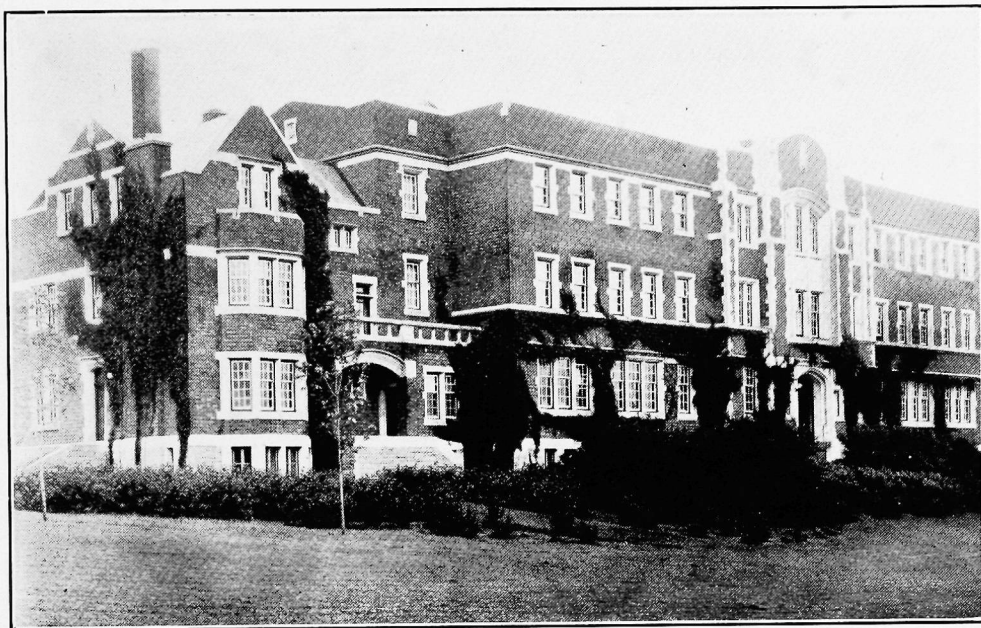

Perhaps he might be remembered by more if we called him by his right name—"MALC" NEILL.

*Laughter! give me laughter while you shake your merry heads again,  
 Friendship's chosen moments—Let them tarry as they pass!

 While the little streams of sunshine roll down the waving grass.*

On Thanksgiving Sunday there was a Fiesta in Sherbrooke. The entire School was there with their parents. And the consequence? The Old Boys had the School to themselves "for just one day". In addition to this, it was the greatest assembly of Old Boys that we remember at B.C.S. Everybody who was anybody was here, and one or two who were nobodies!

And, talking about "Somebodies", Joe spent an evening with us. "Which Joe?" Why, the Great Joe, Joe "Russ" Blinco, the Professor, the Maroon, or Quadroon, or sumptn'. And, boy, were we pleased!

"And are ye sure the news is true?

And are ye sure he's weel?

Is this a time to think o' wark?

Ye jades, lay by your wheel;

Is this the time to spin a thread,

When Henri's at the door?

Reach down my cloak, I'll to the quay,

And see him come ashore."

. . . . from Australia.

Yes, sir, Henri has returned and with oh! but *the* most perfect accent!

“Sae true his heart, sae smooth his speech,  
His breath like caller air;  
His very foot has music in’t  
As he comes up the stair . . . .”

“Pity ’tis true and true ’tis pity” but we doubt whether such beauty can survive the harsh atmosphere of Montreal. So we have given him, on a bet, three months to get rid of it. If he doesn’t, well, we shall certainly be his still greater admirer. So let’s all be very nice to our supreme maestro of the singing voice and not rag our virtuoso.

“For wha can tell how Henri fared  
When he was far away?”

. . . . in Australia.

And this leaves us with very little space for all the other Great Men. So we apologize for omissions and “offhand” treatment.

George Baker was here, as amiable as ever; he took his degree in ’30 and is working with A. E. Ames & Co.

Loran Baker is with the family concern in Yarmouth. He is venturing into politics and is still very much a bachelor!

George Clarke is working with the Anglo-Canadian, which involves many pleasant trips to the Southern States. He still indulges in his favourite hobby, flying.

Weaver was here, little changed. He spent the summer at Philipsburg.

John McGreevy is with Clarkson, McDonald & Currie. George McGreevy is out West in Regina.

“Curly” Grant visited us at long last, little changed and not sorry to be back in Canada from England.

Kingsley Grant was here too—but quantum mutatus and, but oh! so pleasant! Bob Packard, the old deserter, made the welkin ring with his pleasantries. Dick Porteous, whom we have so much missed for many years on account of his “German competitive” influence on our Senior Prefect, came at last.

We were delighted to see two old rivals, Bobs Campbell and “Pinkie” McMaster (very engaged)—but this is another long story . . . . “Jimmy” Duncan, our Jimmy came, and here let us remark that we missed some old friends who used to come here when Jimmy was a boy at school. Time fails us to speak of Joe Simms, Louis Payan, Bob Moncel, and the many others who will feel a sense of relief at being left unmentioned!

“Dave” Rankin is having a wonderful time roughing it at Timmins. We hear from him regularly. If somebody could induce Dave to write his “memoirs” there, they certainly would prove most enlightening.

Where is “Red”?

Allan Rankin is associated with Burke, Dansereau & Co., Toronto Stock Exchange.

## PUGILISTIC

A fight without gloves occurred here yesterday for the championship, between H. D. Black and A. Breakey of Quebec. Black looked very white before the fight, but he looked black enough afterwards, for Breakey succeeded in Breakeying him up altogether. The blood flew very freely. After two rounds Black gave in.

In case of fire, the School Committee have thought it good to place hose on the landing near No. 24. As a further precaution, Parker has been provided with a sheet iron night cap.

An enterprising fly, it is said, climbed up onto one of Pell's boots, a height of about 8,000 (common) feet. It was a brave feat.

Another Association year closes with an increased membership, (in good standing). There is always some satisfaction in this, as it is a means to an end. That is, we are succeeding, to a certain extent, in organizing the Old Boys. Our aim is, however, not only to increase membership, but to form a live organization which will be able to keep faith with the Charter and "promote the welfare of our members and the progress and advancement of Bishop's College School generally".

No excuse is needed for continually quoting these words. The Association was formed primarily for the purposes contained in the quotation. The Annual Dinner which will be held on December 15th, 1934, will, we hope, prove enjoyable to all who attend, but it should be realized that it also is only a means toward the desired end. At the present moment membership in the Association does not bring any material return, but it is hoped that if an Old Boy has sufficient enthusiasm to join, he will be willing to work for it and co-operate in the endeavours made to reach the goal set out in the Charter.

Without much difficulty one can foresee an Association firmly held together by enthusiasm for the School, and memories of happy days spent there, in which all members are co-operating toward the prosperity of the School and helping in establishing in business, boys who have left the School. Old Boys of B.C.S. are holding high positions in all parts of the world, and with their co-operation, it does seem possible that some scheme to assist younger Old Boys to employment, could be thought out and established in the not too distant future.

The Annual General Meeting is called for December 15th, 1934, and the Hon. Auditor's financial statements will be produced at that time. We are, however, including in these notes, Interim Statements which will not vary much from the final ones.

The President's report for the year ending is also included. This gives a resume of the Association's activities for the year.

Since the publication of the Midsummer number of the School Magazine, the following Old Boys and Special Members have joined the Association, and we extend to them a hearty welcome:

C. R. G. Short (Re-elected)  
C. R. Trenholme (Re-elected)  
T. E. Blinco (Re-elected)  
R. C. S. Kaulbach  
Gerald Wiggett  
C. M. Drury  
"SPECIAL MEMBERS"  
J. G. Patriquin  
F. R. Pattison

The Secretary-Treasurer would be most grateful for assistance in compiling these notes each half year. He regrets exceedingly that there are so few of them for the present number of the magazine, and appeals to Old Boys once more to contribute articles or news items. It is hoped that after the next Annual Meeting, one of the Directors will take over the task of preparing material regarding Old Boys, for the Magazine.

## PRESIDENT'S REPORT

YEAR 1933-34

NOVEMBER 30TH, 1934.

At this date the Membership of the Association stands at 180 Ordinary Members and 9 Special Members, all in good standing; as against 160 Ordinary Members for last year. Twenty-four gentlemen who are listed on the books as members, have not yet paid their dues for the year now ending.

An Interim Balance Sheet and Profit and Loss Account for the year is forwarded with this report. It will be seen that the Association is in good financial condition. Our 1934 Government Bonds were redeemed recently and we have purchased \$500.00 Dominion of Canada  $3\frac{1}{2}\%$ , 1949, to replace them. This caused a deficit in the Special Fund which will be balanced in due course as interest payments come in.

At the Annual Meeting an addition to the By-Laws will be proposed, arranging for a class of members to be known as "Special Members". It will be noted that the Association has on its books 9 Special Members, who are Directors and Masters of the School—not Old Boys.

A further additional By-Law will be suggested, arranging for the provision of Honorary Officers. I am very pleased to report that the Lord Bishop of Quebec accepted the new office (which we are asking you to confirm) of Honorary Chaplain of the Association. Bishop Williams was a prime mover in forming the original Old Boys' Association.

It is with very great regret that I have to report the deaths of two members of the Association during the past year. Mr. Grant Hall, Chairman of the Board of Directors of the School, must have been known to practically all of our Members. For many years

he has been an active supporter of the School and was a prime mover in the formation of the present Association in 1931. The School has lost a sympathetic friend and a man who always had its interests at heart. The Association has lost a member who was always ready to help and who was entirely in accord with our aims and ideals.

Mr. G. H. Balfour was one of the oldest of Old Boys. He took a very great interest in all news about the School and was a firm supporter of the Association. Members of the Association who were at last year's Annual Dinner, will no doubt remember the note he sent when forwarding his subscription for five years in advance.

The sympathy of the Association is extended to the families and relatives of the late Messrs. Grant Hall and G. H. Balfour.

We are pleased to welcome all new members who have joined since December, 1933. Among others I would like to mention the name of Mr. R. C. S. Kaulbach, K.C., of Lunenburg, N.S., who had a very distinguished career at the School and after, at the University of Bishop's College. Mr. Kaulbach donates each year a medal to the School for the winner of the Mile Race.

During the last year your Directors have endeavoured to increase the Membership with some success. By means of letters, efforts have been made to induce Old Boys to assist the School in obtaining more boys. I regret that the Headmaster of the School had cause to complain with regard to the behaviour of certain members of the Association while staying, by his invitation, at the School. I would point out that this is not helping the School which our Charter pledges us to do, and sincerely hope that the Head will not have cause to make the same complaint at any other time in the future.

In closing, though in danger of repeating the conclusion of previous reports, I must call upon all our Members to get together and help the School. In 1937, B.C.S. will celebrate its Centenary. Surely it is worth while for everyone of us to help an Institution which has lived nearly 100 years, to prosper and grow. The Old Boys can help, but that assistance can be of more avail if it comes from an organized body. The Association is an organized body, and therefore why not join the Association? Get others to join, and thereby concentrate the efforts of the Old Boys generally, towards assisting the School.

T. H. P. MOLSON,  
President.

All lovers of "Alice in

to hear that the original  
Alice has just died.

ALICE—CARROLL

(With kind permission)

Three little sprites incite my brain  
To make me understand,  
That I must write three diff'rent poems;  
Here, Bunny, take my hand.

"Excuse this tear", the Rabbit said,  
As to the greenwood vale,  
He hopped along and sighing sobbed  
The saddest, saddest tale.

—The birds and bees throng all the trees,  
And through the wildwood door  
Those darling children romp again,—  
".....Will Alice wake no more?"

She will awake. I cannot tell  
How many times will pass.  
The days are sad, the nights, and we  
See darkly through the Glass.

When she went through the Looking Glass,  
The wondering children then,  
Knew you afar, from olden tales—  
But here we're in the glen.

A doleful tear drops from the moon;  
The cat forebore to purr.

Two men were at the Varsity,  
And one got awful great,  
He smiled, and smiled, and smiled, and smiled,  
And sat in highest state.

The micrososm smirked and all  
Would pat him on the back;  
They bowed and scraped and scraped and bowed,  
—Which surely showed a lack.

Until like you proud peacock dear,  
He spread his wings with trust,  
And looking high he rose and rose  
And rose too high and burst.

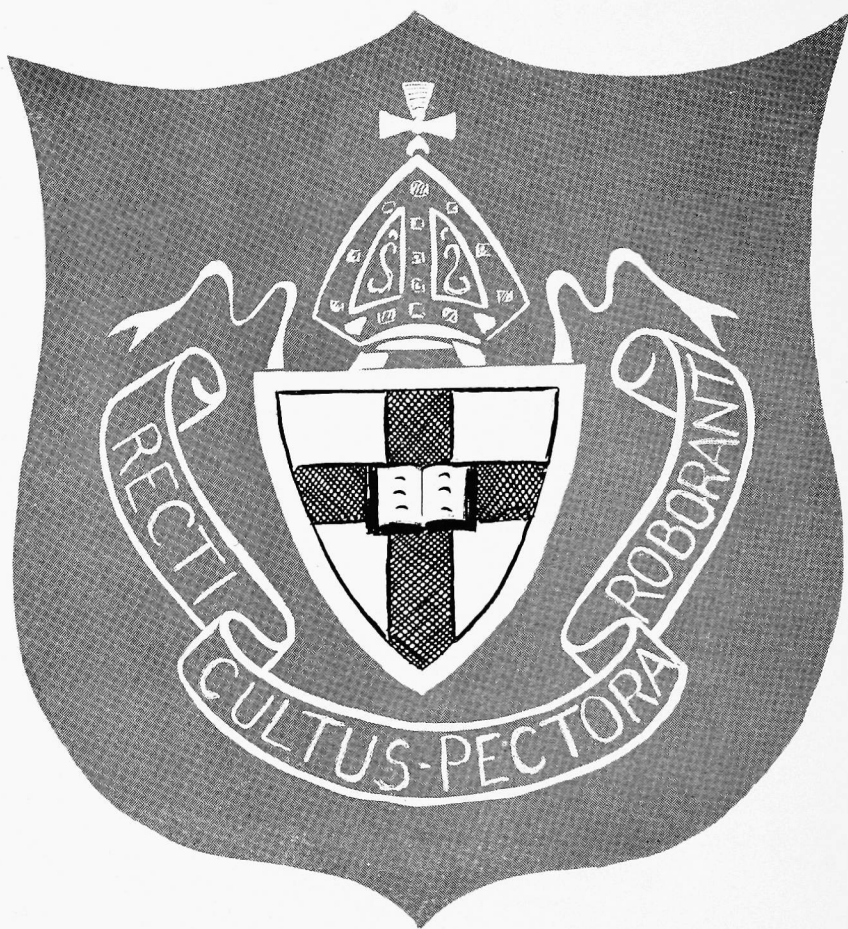

—Why do you cackle Goosie dear?  
Such harshness gives me pain;  
Just take a little honey dew  
And come in from the rain—.

The other was a modest man,  
And, Goose, he loved your quill.  
He came and went and went and came  
And was not known until . . . . .

The great man was not known at all,  
For he shall ever be,  
Just an in-sig-nif-ic-ant thing  
Like Tom and Dick and me.

The man who loved the Goose's quill  
Who never sat in state,  
Died too—but still is more beloved  
And every year more great.

**HENRY MORGAN & CO.**  
LIMITED

There's not an Owl from pole to pole  
But sings Him to the moon.  
There's not a little Jenny Wren  
But hails Her at high noon.

Now gather closer every one  
And hear what Alice sends:  
*"The Rabbit hole is inside out  
And you are children's friends."*

The crocodile shed one real tear,  
The Dodo dropped his rod,  
And curiouser and curiouser,  
The Dormouse did not nod.

E-man-ci-pa-tion she brought you  
Her name shall grow and grow,  
—All children who love animals  
Her lovers are—. And so:

They told the news in greenwood games,  
And joyful to the core,  
Told here and there and every where:  
She's with us evermore.

. . . . .

Will you, won't you, will you, won't you,  
Join the children's dance?  
And grown-ups take the Rabbit's paw.  
For just one little prance?

. . . . .

Sometimes I half-wake muttering:  
—The Cheshire Cat smiles rare—  
As I run in a "Caucus Race"  
"As mad as a March Hare."

"The Duchess, Oh! the Duchess" Oh!  
I fear I shall be late!  
Won't she be very savage too,  
If I have made her wait!

"It is next time" I sometimes plead,  
"No other time will do",  
"The Rabbit has pulled out his watch!"  
And half believe it true.

# What Kodak Means

AS a word, "Kodak" is simply a combination of letters made up from the alphabet to form a short, euphonious name that would easily dwell in the public mind.

As a trade-mark, "Kodak" indicates certain products of the Kodak Companies, to which it has been applied, as Kodak Cameras, Kodak Film, etc.

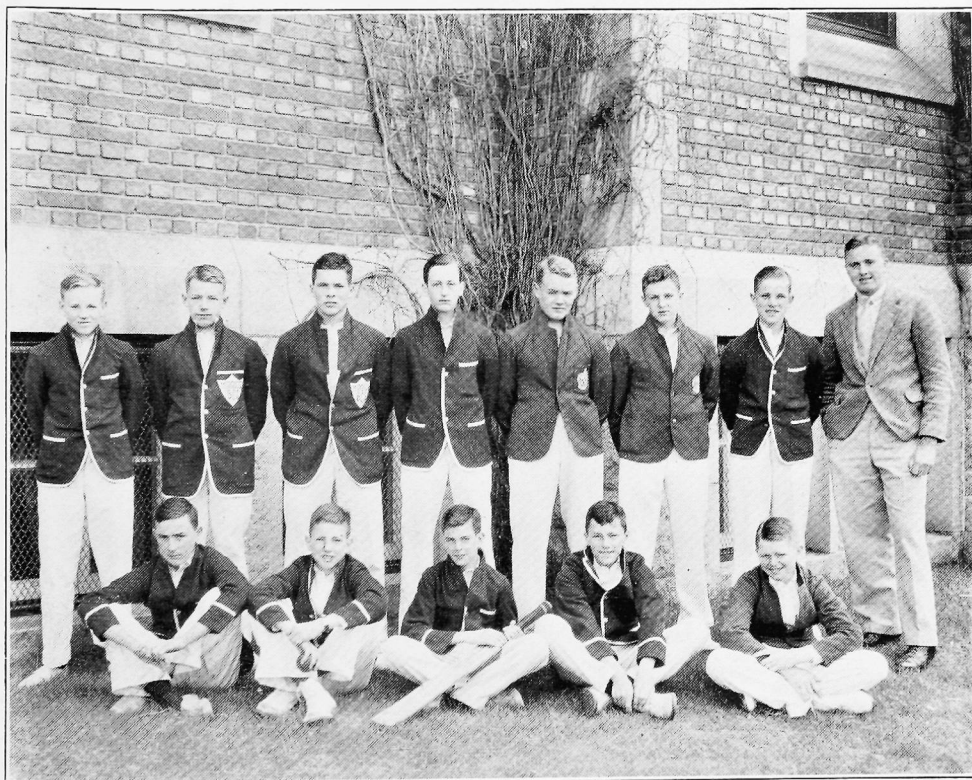

As an institution, "Kodak" stands for leadership in photography. To the world at large it is best known for its simplification of photography for the amateur, for its Kodak and Brownie Cameras, for its films and papers. To the professional photographer, it is known for its leadership in the manufacture of everything used in the studio. In the cinema world it is known as the producer of the film that made the motion picture possible. To the scientist, it is known for its X-Ray products.

When the word "Kodak" was created many years ago, it meant nothing. Today "Kodak" means protection for you in the purchase of photographic goods.
